

# Earth Song Farm 2018 CSA Order Form

**Welcome** to the **EARTH SONG FARM Community Supported Agriculture Program (CSA)**.

We have been busy planning all winter and are very excited as we look forward to the 2018 growing season. We thank our share members for their support as we commit to providing you the healthiest food possible. For the past two years, we've used a new format for our CSA Program and received great positive feedback. Everyone liked the flexibility and convenience. So we'll continue with that same format this year.

Name \_\_\_\_\_

Phone \_\_\_\_\_

Address \_\_\_\_\_ City \_\_\_\_\_

E mail address (optional) \_\_\_\_\_

| <input type="checkbox"/> Pay \$320. – Get \$400. in Earth Song Dollars. | <input type="checkbox"/> Pay \$720. – Get \$900. in Earth Song Dollars.  |
| <input type="checkbox"/> Pay \$400. – Get \$500. in Earth Song Dollars. | <input type="checkbox"/> Pay \$800. – Get \$1000. in Earth Song Dollars. |

## MUST PURCHASE BY JUNE 16, 2018.

- \* I understand that the harvest availability will vary in amount according with the seasons and the weather. There may be not so much available early on, and plentiful produce at mid to late season. I understand that the types of produce available will vary with the season.
- \* I understand that the varieties of produce and quantities available are highly dependent on growing conditions, weather, rainfall, disease and insect outbreaks and other production factors that vary from season to season and that the risks and benefits of the harvest are shared.
- \* I understand that I am investing in an non-certified organic local farm that is dependent on normal weather conditions to be most productive. There is some risk of crop failure, which we attempt to minimize by growing a wide variety of crops, succession cropping, continued planting of crops, using raised beds for drainage and irrigation of our crops, however Mother Nature determines the final harvest if any.
- \* I understand that there will be no refunds.
- \* Earth Song Farm agrees to make all reasonable efforts to protect your investment in the 2018 crop.
- \* I understand that all of our produce is selectively hand harvested, but it is still possible that some insects, weather lesions and soil may be present, especially in rainy weather. It is your responsibility to wash thoroughly all of the produce you receive before consumption.
- \* I understand that home grown produce unlike shipped-in produce is not always uniform in quality, appearance and size.
- \* I understand that the produce from Earth Song Farm is organically and biodynamically grown but not certified. Everything grown is non-GMO and has NOT received any treatments of fungicides, insecticides, fumigants, growth regulators, sprout inhibitors or waxes after harvest and/or at shipping like much conventional shipped-in grocery store produce.
- \* I have read and understand the Earth Song Farm CSA (Community Supported Agriculture) method of growing produce, the harvest, availability, packing, cost, and payment. As a member and partner, I commit myself to supporting EARTH SONG FARM with my ideas, input, and membership share.

I, \_\_\_\_\_, Date \_\_\_\_\_,

Commit to membership in the **EARTH SONG FARM CSA 2018** season.

Please sign and bring this order form with your payment out to the farm.... Or... mail order form and your check made out to "Steve Andrews" to:
